RE: Asbestos Management Program

Attached is the Garland ISD Asbestos Management Program.

Departments, please share this with all of your employees. Please post in a public location at your campus.

Principals, please share with your staff, students, and the students' parents and guardians. Please post in a public location at your campus.

If you have any questions or concerns, please contact me at (972) 487-4125 or Keith Reimer, Environmental and Utilities Supervisor, at (972) 487-4142.

ASBESTOS MANAGEMENT PROGRAM

Dear Parents, Guardians, Students, Staff and Faculty,

- Asbestos Management Plans are updated annually and maintained at Marvin Padgett Auxiliary Services Center. Electronic versions maybe viewed at the office of each campus, coordinating with Facilities and Maintenance Department.
- Routine inspections are conducted as well as tri-annual re-inspections of all facilities.
- Operations and maintenance procedures are implemented to ensure no building has asbestos containing material that poses a health threat to teachers, students, staff, or patrons.
- It is a part of the district's on-going effort to renovate and remodel existing facilities.
- Numerous renovations and additions have been completed which involved abatement of asbestos containing material prior to the general construction. In many of these buildings, the only asbestos material remaining is inaccessible until such time as the building is to be renovated, and then it will be safely removed prior to the renovation.

Following is a list of GISD facilities that are known to have some building materials containing asbestos:

ELEMENTARY SCHOOLS

Beaver Technology Center	Bradfield Elementary	Bullock Elementary
