ABOUT US

M2G.Space is a partnership between the planetariums at Garland ISD, Mesquite ISD, and Grand Prairie ISD. These button badge challenges provide enrichment opportunities for students, families, and educators to learn more about NASA and our universe.

3RD ANNUAL NASA ART

Create a piece of artwork showcasing one of the newly discovered exoplanets/solar systems in recognition of NASA's Dr. Anjali Tripathi's research and passion for exoplanets. Deadline March 8, 2024

Grades Pk to 5 only, including Homeschoolers!!

Button Badges

Every student who completes the challenge will receive an AstroExplorer Button Badge

Certificates

Every student will receive a certificate. For the Europa Challenge, students names will also be engraved on the Europa orbiter

Art Challenge

The top winners for the art challenge will receive an autographed book by NASA's exoplanet hunter-Dr. Anjali Tripathi
