It is understood and agreed that: If the examiner is provided free of charge, it is not intended to be a thorough or comprehensive examination. No physician-patient relationship is to arise out of the examination. The doctor, nurse or other person involved in the examination is under no obligation to provide a diagnosis, treatment, advice, consultation or any follow-up care whatsoever under any circumstances. The fact that any person is cleared or authorized to participate in any sport or other activity does not mean and is not to be interpreted as the opinion of the doctor or nurse that the person examined is healthy, in need of no care, or can participate in any sport or other activity without serious medical risks. Any claim against the doctor, nurse or other person involved in the examination will be submitted to binding arbitration pursuant to the rules and procedures of the American Arbitration Association. The person examined and any person who signs on his or her behalf promises to indemnify the doctor or nurse from any and all damages, claims, or losses, including injury or death that allegedly arise out of or are in any way related to the examination.

Participation: I hereby give my permission for the participant named above to participate in any Special Olympics activity or event of any kind. I understand that participation at local or area competition does not guarantee advancement to State or World Games. Athletes must be registered using this release form prior to any athlete training.

Medical: I represent and warrant to you that the athlete is physically and mentally able to participate in Special Olympics Texas.

Disclaimer: On behalf of the athlete and myself, I acknowledge that the athlete will be using facilities at his/her own risk and I, on my own behalf, hereby release the physicians, organizers, officers, directors, agents or employees of Special Olympics Texas from any claim for damage or suit by reason of any injury, illness, or damage whatsoever to person or property of myself or the athlete.

Hospitalization: If I am not personally present at the event in which the athlete is to compete so as to be consulted in case of emergency, you are authorized on my behalf and at my account to take such measure and arrange for such medical and hospital treatment as you may deem advisable for the health and well-being of the athlete.

Media: In permitting the athlete to participate, I am specifically granting permission to you to use the name, likeness, voice, words, and biographical information of the athlete in television, radio, films, newspapers, magazines, web pages and other media, and in any form not heretofore described for the purpose of advertising or communicating the purposes and activities of Special Olympics Texas and in appealing for funds to support such activities.

SOTX Housing Policy: For any overnight trip, a gender-specific athlete to chaperone ratio of 4 to 1 is required (see SIG section N for specific breakdown). No athletes or volunteers of opposite genders may room together. The only exceptions are: if the athletes/volunteers are married; or if a family member of the opposite gender is chaperoning. Unified Partners under the age of 17 should be included in the ratio as in need of a chaperone.
