Questions:	Responses:
We will need to understand the scope of bandwidth and managed edge device (CPE) requirements.	GISD expects the vendor to provide a hand-off that meets or exceeds all of the requirements in the RFP, including a minimum of 10Gbps bandwidth and supports full BGP tables for all data circuits. The necessary equipment the vendor will install on GISD premises in order to provide this service shall meet or exceed all of the requirements in the RFP.
On page 16 of the RFP for Internet Access Services, it states 10 Gbps to 80 Gbps Internet Access service, however the pricing sheets indicated up to 40 Gbps. Is Garland ISD requesting 80 Gbps pricing?	Garland ISD is asking for pricing for (2) circuits at multiple speeds (10Gb/s up to 40Gb/s) each. The two circuits together would be a maximum of 80Gb/s.
Garland ISD be initiating a Form 470 for ERATE?	Yes
