1.2.11. PROTEST PROCEDURE

Any proposer who is aggrieved in connection with a procurement, excepting right of rejection, may protest in accordance with [Garland ISD Board of Trustees Policy CJ Local](#).

1.2.12. MARKET BASKET METHOD AND ADDING PRODUCTS

Garland ISD utilizes the "Market Basket" solicitation method that allows Garland to procure a list of products with varied pricing options and evaluate using a "total price cost analysis" or "simplified total cost analysis." Per TDA's ARM, Section 17, pages 67-70 (<https://squaremeals.org/Portals/8/files/ARM/ARM Complete 200812.pdf>) when a CE plans to make purchases beyond the products listed on a current market basket contract, these purchases should be made using the appropriate procurement method: micro, small purchase, sealed bid, or competitive proposal.

However, if Garland ISD determines that adding the purchase of a limited number of products to a current market basket contract would be advantageous, Garland ISD may do so if:

The option to add products not included in the current market basket contract is described in the original solicitation and contract as a specific percentage of the estimated value of the contract. The specified percentage must be no more than 10% of the estimated value of the contract.

Adding new products to the contract must not cause the contract to exceed the estimated total value of the contract at the beginning of the contract year.

If the value for the purchase of the added products exceeds the specified percentage (no more than 10%), a separate procurement for those products will be conducted. The

purchase of any additional products on an existing market basket contract that exceeds the specified percentage (no more than 10%) is an unallowable cost.

Garland ISD includes written item specifications that have zero known estimated quantities. Vendors are highly encouraged to propose bid pricing on all written specifications. Any product with a zero quantity listed will be placed on a "catalog list" if Vendor is awarded. Garland has the right to add items from the "catalog list" throughout the contract term as long as the addition of product/products does not exceed the material change threshold of 10% of total contract value.

1.2.13. PRODUCT SUBSTITUTION

All substitutions require prior written approval by Garland ISD Student Nutrition Services. If applicable, the product substitution request must be accompanied with CN label or Nutritional Analysis information, and/or other product information. Garland ISD reserve the right to require the vendor to offer possible substitutes if any material or equipment becomes unobtainable during the term of the contract. Outstanding orders are not automatically amended by an approved substitution. The vendor must contact the qualified ordering entity 72-hours **prior** to shipment of the approved substitution.

If substitutions are made without prior written or verbal approval of the ordering entity, under Uniform commercial Code, the entity shall retain the Right to Remedy and purchase the product(s) from another supplier, charging the difference of the bid price to the vendor.

Bid pricing, based on "per serving cost", for the product substituted will apply to the substitute product unless substitute product is of lesser price and/or vendor can prove that reason for substituted product is not the fault of their own.

Garland provides all awarded contractors with estimated quantities.

Vendors may not substitute a product that does not meet the Buy America Provision. If a non-domestic substitution is made without a 72 hour notice to Garland ISD, contractor will be considered in breach of the awarded contract and may incur penalties as described in these Terms and Conditions.

1.2.14. ADDITIONAL GOODS AND/OR SERVICES

Garland ISD may request special pricing for new goods and/or services throughout the term of the contract. New goods and/or services must have prior written approval from Garland ISD. Only goods and/or services not specified elsewhere in the contract may be considered new. The additional goods and/or services allows Garland ISD to order items under the umbrella of a "market basket" see definition above. 1) "Additional Goods and/or Services" shall cover all items carried by the successful vendor that are not specifically listed on the item specifications. 2) The addition of new goods and/or services shall not exceed 10% of the contract value. Garland ISD remains the right to add new goods and/or services at the time of each-year extension option, if all parties are in agreement, for the following reasons:

Allows for the replacement of items that were discontinued during the contract year if no other comparable item is available on bid;

Allows for the replacement of goods and/or services that no longer meet the needs of Garland ISD due to nutritional changes or?

Allows for the addition of new goods and/or services introduced by existing awarded vendors that may better serve Garland ISD needs. Goods and/or services may not be added to avoid competitive procurement procedures. The addition of new goods and/or services cannot materially change the contract between Garland ISD and the

vendor. Garland ISD may reject any proposed addition without cause, in its sole discretion.

1.2.15. MATERIAL CHANGE

If a material changes occurs to a contract entered into between Garland ISD and vendor, the contract will not be renewed upon the conclusion of its term. Upon the expiration of the term, Garland ISD my issue a new Bid for the goods or services procured under the previously existing contract. Material change means a modification that substantially exceeds and / or alters the terms of the original contract between Garland ISD and the vendor and/or the total contract value greater than 10%. The following anticipated and unanticipated changes are to be considered as well do not quality as a material change: 5% upward or downward trend in student enrollment and/or participation to allow flexibility for program growth or decline of unanticipated program and/or regulation changes.

The items will then and after adequate time to remedy, be replaced without charge to Garland ISD. This will be provided at no additional cost to Garland ISD during the term of the contract.

If vendor is unable to contact Director of Student Nutrition Services, vendor must contact Assistant Director of Student Nutrition Menu Operations.
