#### **1.2.12. PROTEST PROCEDURE**

Any proposer who is aggrieved in connection with a procurement, excepting right of rejection, may protest in accordance with [Garland ISD Board of Trustees Policy CJ Local](#).

#### **1.2.13. MARKET BASKET METHOD AND ADDING PRODUCTS**

Garland ISD utilizes the "Market Basket" solicitation method that allows Garland to procure a list of products with varied pricing options and evaluate using a "total price cost analysis" or "simplified total cost analysis." Per TDA's ARM, Section 17, pages 67-70 (<https://squaremeals.org/Portals/8/files/ARM/ARM Complete 200812.pdf>) when a CE plans to make purchases beyond the products listed on a current market basket contract, these purchases should be made using the appropriate procurement method: micro, small purchase, sealed bid, or competitive proposal.

However, if Garland ISD determines that adding the purchase of a limited number of products to a current market basket contract would be advantageous, Garland ISD may do so if:

The option to add products not included in the current market basket contract is described in the original solicitation and contract as a specific percentage of the estimated value of the contract. The specified percentage must be no more than 10% of the estimated value of the contract.

Adding new products to the contract must not cause the contract to exceed the estimated total value of the contract at the beginning of the contract year. If the value for the purchase of the added products exceeds the specified percentage (no more than 10%), a separate procurement for those products will be conducted. The purchase of any additional products on an existing market basket contract that exceeds the specified percentage (no more than 10%) is an unallowable cost.

Garland ISD includes written item specifications that have zero known estimated quantities. Vendors are highly encouraged to propose bid pricing on all written specifications. Any product with a zero quantity listed will be placed on a "catalog list" if Vendor is awarded. Garland has the right to add items from the "catalog list" throughout the contract term as long as the addition of product/products does not exceed the material change threshold of 10% of total contract value.

#### **1.2.14. PRODUCT SUBSTITUTION**

All substitutions require prior written approval by Garland ISD Student Nutrition Services. If applicable, the product substitution request must be accompanied with CN label or Nutritional Analysis information, and/or other product information. Garland ISD reserve the right to require the vendor to offer possible substitutes if any material or equipment becomes unobtainable during the term of the contract. Outstanding orders are not automatically amended by an approved substitution. The vendor must contact the qualified ordering entity 72-hours **prior** to shipment of the approved substitution.

If substitutions are made without prior written or verbal approval of the ordering entity, under Uniform commercial Code, the entity shall retain the Right to Remedy and purchase the product(s) from another supplier, charging the difference of the bid price to the vendor.

Bid pricing, based on “per serving cost”, for the product substituted will apply to the substitute product unless substitute product is of lesser price and/or vendor can prove that reason for substituted product is not the fault of their own.

Garland provides all awarded contractors with estimated quantities.

Vendors may not substitute a product that does not meet the Buy America Provision. If a non-domestic substitution is made without a 72 hour notice to Garland ISD, contractor will be considered in breach of the awarded contract and may incur penalties as described in these Terms and Conditions.

#### **1.2.15. ADDITIONAL GOODS AND/OR SERVICES**

Garland ISD may request special pricing for new goods and/or services throughout the term of the contract. New goods and/or services must have prior written approval from Garland ISD. Only goods and/or services not specified elsewhere in the contract may be considered new. The additional goods and/or services allows Garland ISD to order items under the umbrella of a “market basket” see definition above. 1) “Additional Goods and/or Services” shall cover all items carried by the successful vendor that are not specifically listed on the item specifications. 2) The addition of new goods and/or services shall not exceed 10% of the contract value. Garland ISD remains the right to add new goods and/or services at the time of

each-year extension option, if all parties are in agreement, for the following reasons:

Allows for the replacement of items that were discontinued during the contract year if no other comparable item is available on bid;

Allows for the replacement of goods and/or services that no longer meet the needs of Garland ISD due to nutritional changes or

Allows for the addition of new goods and/or services introduced by existing awarded vendors that may better serve Garland ISD needs. Goods and/or services may not be added to avoid competitive procurement procedures. The addition of new goods and/or services cannot materially change the contract between Garland ISD and the vendor. Garland ISD may reject any proposed addition without cause, in its sole discretion.

#### **1.2.16. MATERIAL CHANGE**

If a material changes occurs to a contract entered into between Garland ISD and vendor, the contract will not be renewed upon the conclusion of its term. Upon the expiration of the term, Garland ISD may issue a new Bid for the goods or services procured under the previously existing contract. Material change means a modification that substantially exceeds and / or alters the terms of the original contract between Garland ISD and the vendor and/or the total contract value greater than 10%. The following anticipated and unanticipated changes are to be considered as well do not qualify as a material change: 5% upward or downward trend in student enrollment and/or participation to allow flexibility for program growth or decline of unanticipated program and/or regulation changes.

#### **1.2.17. MANUFACTURER GUARANTEE**

A manufacturer's total satisfaction written guarantee shall be required, in accordance with Uniform Commercial Code (UCC), for the one-year Agreement term, with Garland ISD reserving the right to have any item replaced should the original item prove unreliable or defective as expressed or implied by verbal or written specification. The items will then and after adequate time to remedy, be replaced without charge to Garland ISD. This will be provided at no additional cost to Garland ISD during the term of the contract.

If a product recall is instituted on any good that has been furnished and delivered to Garland ISD, vendor must immediately (i.e., within 24 hours but preferably sooner) notify Garland ISD Director of Student Nutrition Services by e-

mail or in writing and must include all pertinent information relating to the recall. If vendor is unable to contact Director of Student Nutrition Services, vendor must contact Assistant Director of Student Nutrition Menu Operations. - appointment day. Please email [SNWarehouse@garlandisd.net](mailto:SNWarehouse@garlandisd.net) or call 972-487-4213 for appointments.
3. A PO for each product will be furnished to the successful proposal 10-15 days before the required delivery date to the Garland ISD warehouse. The date on the form will be the preferred date the product needs to be delivered. The actual date and time of delivery will be established when the supplier or truck line calls to schedule the delivery appointment.
  4. All deliveries shall be on 40"x48" pallets stacked a maximum of 50" high and weighing a maximum of 3000 pounds. Pallets will be exchanged as needed. The supplier is responsible for all costs related to loads that need to be palletized at the dock.
  5. All frozen foods are to be delivered frozen with a maximum internal temperature of the product of 0 degrees Fahrenheit. Test cases will be pulled from the pallets of the product being delivered to test the temperature. If product does not meet this requirement, the shipment will be refused. The supplier will be responsible for reloading product back onto the delivery truck and for removal of the product from Garland ISD premises. If time permits Garland ISD to receive a replacement product, this will be allowed. If time does not permit replacement and a substitute product must be obtained to avoid inconvenience to the District (such as menu changes), any additional costs incurred will be charged to the supplier whose product did not comply with these requirements.
  6. In addition to temperature rules, on arrival the supplier must also ensure:

    - g. Supplier is responsible for ensuring all products are wholesome and free of contamination throughout the delivery process until accepted at the Garland ISD dock.

Q. Storage for Commodity Processed Items

R. Contract Performance - Garland ISD reserves the right to cancel the entire contract and/or buy in the open market at the current price and charge the supplier the difference between the price so paid and the proposal price in the event that:

1. Any item is not delivered during the four (4) days specified at the time the order is placed with the supplier. Prior approval must be obtained if circumstances prevent prompt delivery.

  8. Additionally, the proposer may be liable for liquidated damages for any increased costs to the District resulting in the need to re-bid a product or for the difference in cost for another qualified product and all lab costs. A supplier may be denied the opportunity to receive proposed or quotations based on the following reasons:
    - a. Previous withdrawal of a proposal or quotation.
    - b. Previous failure to honor a proposal or quotation.
    - c. Unusual delays in delivery of previous awards.
    - d. Repetitive failure to respond to requests for proposal or quotations.

- T. State License - Firms that manufacture and/or distribute food for sale to schools are "wholesale food manufacturers and/or distributors" and must acquire the appropriate license with the appropriate state agency where the manufacturer is located. For example, manufacturers located in Texas must be licensed by the Texas Department of Health, Bureau of Food and Drug Safety, and Manufactured Foods Division. Any food supplier that is not properly licensed is an unapproved source of food. If the license is not included in the proposal, it will not be considered.
- U. PRODUCT SUBSTITUTION: All substitutions require prior written approval by Garland ISD and/or the cooperative member unless otherwise arranged by member (phone call, text, etc.). If applicable, the product substitution request must be accompanied with CN Label or Nutritional Analysis information, and/or other product information. Garland ISD and/or its cooperative members reserve the right to require the Vendor to offer possible substitutes if any material or equipment becomes unobtainable during the term of the contract. Outstanding orders are not automatically amended by an approved substitution. The Vendor must contact the qualified ordering entity 72-hours prior to shipment of the approved substitution.

- a. If substitutions are made without prior written or verbal approval of the ordering entity, under Uniform Commercial Code, the entity shall retain the Right to Remedy and purchase the product(s) from another supplier, charging the difference of the bid price to the Vendor.
- b. Proposal pricing, based on "per serving cost," for the product substituted will apply to the substitute product unless substitute product is of a lesser price and/or vendor can prove that reason for substituted product is not the fault or their own.
- c. Garland ISD provides all awarded contractors with estimated quantities. Vendors are required to gather forecasted products and quantities from all participating members. Failure to properly manage forecasts and order products in a timely fashion to meet the participating member's needs will be considered fault on the contractors' behalf. It is recommended to forecast a minimum of 4-6 weeks out to ensure proper and timely ordering.
- d. Vendors may not substitute a product that does not meet the Buy American Provision. If a non-domestic substitution is made without a 72-hour notice to Garland ISD, contractor will be considered in breach of the awarded contract and may incur penalties as described in these Terms and Conditions.

V. **ADDITIONAL GOODS AND/OR SERVICES:** Garland ISD may request special pricing for new goods and/or services throughout the term of this contract. New goods and/or services must have prior written approval from Garland ISD. Only goods and/or services not specified elsewhere in the contract may be considered new. The additional goods and/or services allows Garland ISD, to order items under the umbrella of a "market basket", see definition above (#U). 1) "Additional Goods and/or Services" shall cover all items carried by the successful Vendor that are not specifically listed on the Item specifications. 2) The addition of new goods and/or services shall not exceed 10% of the contract value. Garland ISD remains the right to add new goods and/or services at the time of each one-year extension option, if all parties are in agreement, for the following reasons: 1) allows for the replacement of items that were discontinued during the contract year if no other comparable item is available on bid; 2) allows for the replacement of goods and/or services that no longer meet the needs of the Garland ISD due to nutritional changes or; 3) allows for the addition of new goods and/or services introduced by existing awarded Vendors that may better serve Garland ISD. Goods and/or services may not be added to avoid competitive procurement procedures. The addition of new goods and/or services cannot materially change the contract between Garland ISD, and the Vendor. Garland ISD may reject any proposed additions, without cause, in its sole discretion.
